CORN PLANTER BOX TREATMENTS

Start your corn off right—improved seed flow, stronger roots, and faster, more even emergence.

HOMESTEAD CORN COMPLETE

A **premium talc/graphite seed fluency agent** fortified with micronutrients, enzymes, Terrasym, and biologicals to drive rapid emergence and early-season vigor. Delivers industry-leading zinc to the seed furrow for strong, uniform stand establishment and massive root development.
→ Builds early strength, boosts nutrient uptake, and sets the stage for season-long performance.

Features & Benefits

- **Highly effective** at delivering a high volume of zinc to the furrow.
- Generates a **massive root structure**.
- **Boost emergence** and early-season vigor.
- Position the crop to manage season-long stressors and **optimize genetic potential**.
- **Helps plants** fix nitrogen and solubilize nutrients.

Base Ingredients

Talc, Graphite and Micronutrient Blend Guaranteed Analysis

Zinc (Z)	9.0%
Manganese (Mn)	1.0%
Iron (Fe)	1.0%
Boron (B)	0.5%

Also Contains Non-Plant Food Ingredients

Lipase	2.0x103 µUnits/g
Mannanase	1.0x108 µUnits/g
Azospirillum Brasilense	4.0x104 CFU/g
Azospirillum Lipoferum	4.0x104 CFU/g
Bacillus Amyloliquefaciens	5.4x107 CFU/g
Bacillus Licheniformis	1.0x108 CFU/g
Bacillus Megaterium	5.4x107 CFU/g
Bacillus Pumilus	8.4x107 CFU/g
Bacillus Subtilis	9.05x107 CFU/g
Trichoderma Virens	3.75x107 CFU/g
