

EXHIBIT® - ZINC 10%

Exhibit Zinc 10% is a high-strength, fully chelated liquid zinc formulated to correct and prevent zinc deficiencies during the most critical early growth stages. With 10% available zinc, this formulation provides a more concentrated dose per gallon, helping crops establish deeper roots, stronger shoots, and more uniform emergence. Ideal for soils with severe zinc tie-up or high demand, Exhibit Zinc 10% delivers fast, consistent results to set fields up for higher yield potential from day one.

Key Benefits

- Higher zinc concentration delivers more nutrition per gallon
- Promotes vigorous early growth through stronger root and shoot development
- Supports enzyme and hormone activity essential for early-season plant health
- Improves tolerance to early-season stress
- Ideal for high-pH, sandy, or low-organic-matter soils prone to zinc deficiency
- Compatible with starter fertilizer, in-furrow, and foliar programs

General Reccomendations

Evolve Zinc 10% EDTA is designed for use in all liquid fertilizers and suspensions as a soil application for all crops requiring Zinc.

CAUTION! / PRECAUCIÓN!

SHAKE WELL BEFORE USING

CAUTION
If label instructions are not followed for foliar application, phytotoxicity may occur.

GENERAL INFORMATION
Exhibit Zinc 10% contains 1 pound of fully chelated zinc per gallon in a form readily available to plants. Exhibit Zinc 10% is most effective when placed in the root zone during planting or moved into the soil by irrigation, tillage or rainfall. It is important that the zinc deficiency be treated before visual symptoms appear to ensure proper yields. Rates of application will vary depending upon the severity of the deficiency, climate and soil conditions and method of application. Consult your state agricultural experiment station or extension specialist for advice in selecting treatments from this label to best fit local conditions.

COMPATIBILITY
Exhibit Zinc 10% can be effectively used as an additive to dry or liquid fertilizer, in irrigation systems or as a foliar spray. Exhibit Zinc 10% is also compatible with most herbicides, insecticides and agricultural chemicals that my be utilized in combination with liquid fertilizer.

RECOMMENDATIONS FOR USE
Field and vegetable crops including corn, rice, potatoes, beans, cotton, tomatoes, etc:

SOIL APPLICATION:
Apply 1-8 quarts of Exhibit Zinc 10% per acre in liquid starter fertilizer. Rate will depend on extent of the zinc deficiency and soil conditions.

FOLIAR APPLICATION:
Apply 1-2 quarts of Exhibit Zinc 10% in 20-100 gallons of water and spray to thoroughly wet foliage. Apply 4-6 weeks after planting or when zinc deficiencies first appear.

Fruit and nut crops including almonds, walnuts, deciduous fruits, citrus and grapes:

FOLIAR APPLICATION:
Apply 1/4 pint of Exhibit Zinc 10% per 20-100 gallons of water and spray thoroughly to cover foliage 10 days to 2 weeks prior to bloom. Follow with a second application in 2 weeks if required.

PRECAUTIONARY STATEMENTS
May cause eye irritation. Avoid contact with skin and eyes.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal. Triple rinse container; empty rinsate into spray tank. Dispose of empty container according to approved local practices; contact county agricultural commissioner for disposal information.

WARRANTY: Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result, because of such factors as weather conditions, presence of other materials, or the manner of use or application all of which are beyond the control of Evolve Crop Systems or the Seller. All such risks shall be assumed by the Buyer. Evolve Crop Systems warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to the Directions for Use subject to the inherent risks referred to above. Evolve Crop Systems. makes no other express or implied warranty. In no case shall Evolve Crop Systems or the Seller be liable for consequential, special, or indirect damage resulting from the use or handling of this product.
