

ECO-CARBON SF

Product Information

Eco - Carbon SF combines a refined molasses carbon source with fulvic acid to support plant energy, nutrient movement, soil biology, and spray performance. Its carbon and fulvic components help improve nutrient uptake, leaf contact, and crop resilience while simplifying the tank with multiple functions in one product.

Key Benefits

- Provides readily available sugars to support plant metabolism and canopy vigor
- Supplies carbon to support beneficial soil and leaf-surface biology
- Fulvic acid helps chelate micronutrients and improve nutrient uptake
- Improves wetting and adhesion for better leaf contact
- Helps droplets settle into the canopy for more effective placement
- Supports crop performance during heat, drought, and other stressful conditions
- Compatible with fertilizer, crop-protection, and biological programs when properly tank mixed

Application Rate

Broadcast / Foliar
20–64 fl oz per acre
Typical rate: 20–32 fl oz per acre

In-Furrow / 2×2
10–32 fl oz per acre

Fertigation / Drip
16–64 fl oz per acre

With Herbicides & Fungicides
20–32 fl oz per acre
Jar test recommended

EVOLVE CROP SYSTEMS

eco-Carbon SF

0-0-2

ACTIVE INGREDIENTS

Guaranteed Analysis:
Soluble Potash (K_2O).....2%
Derived from molasses and potassium hydroxide

Also contains Non-Plant Food Ingredients:
Fulvic acid derived from Leonardite.....4%
Total Sugars (derived from blackstrap molasses).....16%

KEEP OUT OF REACH OF CHILDREN
CAUTION! / PRECAUCIÓN!

Causes eye irritation. Causes skin irritation. Harmful if swallowed.

GENERAL INFORMATION

Eco-Carbon SF combines a refined molasses carbon source with fulvic acid to fuel the crop, support soil biology, and help foliar nutrition and crop-protection sprays stay on target and move into plant tissue.

MIXING

Eco-Carbon SF mixes well with water with little agitation required. Partially fill tank with water and start agitation. Add Eco-Carbon SF slowly while agitating. Lastly, add fertilizer product with Eco-Carbon SF and water.

APPLICATION RATES

BROADCAST / FOLIAR: 20 – 64 fl oz per acre (typical 20 – 32 fl oz)
IN-FURROW / 2×2: 10 – 32 fl oz per acre
FERTIGATION / DRIP: 16 – 64 fl oz per acre
WITH HERBICIDES & FUNGICIDES: 20 – 32 fl oz per acre
Jar test recommended

FIRST AID

Have the product container with you when calling a poison control center or doctor, or going for treatment.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present, after the first 5 minutes, then continue cautiously rinsing eye. If eye irritation persists: Get medical advice or attention.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Wash skin with plenty of soap and water for several minutes. If skin irritation persists: Get medical advice or attention.
IF SWALLOWED: Call a POISON CENTER, doctor or physician if you feel unwell. Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person.
IF INHALED: Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

STORAGE AND DISPOSAL

PRODUCT STORAGE: Do not contaminate water, food or feed by storage and disposal. May be stored below 32°F if thawed and thoroughly agitated before use. Keep container closed in storage. Do not allow water to be introduced. Store only in original container.
CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer containers for recycling or reconditioning or puncture and dispose of in a sanitary landfill or by incineration or, if allowed by State and Local authorities, by burning. If burned, stay out of smoke.

WARRANTY: Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result, because of such factors as weather conditions, presence of other materials, or the manner of use or application all of which are beyond the control of Evolve Crop Systems or the Seller. All such risks shall be assumed by the Buyer. Evolve Crop Systems warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to the Directions for Use subject to the inherent risks referred to above. Evolve Crop Systems. makes no other express or implied warranty. In no case shall Evolve Crop Systems or the Seller be liable for consequential, special, or indirect damage resulting from the use or handling of this product. Evolve Crop Systems and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by an agreement in writing signed by a duly authorized representative of Evolve Crop Systems. Eco-Carbon SF is a Trademark of Evolve Crop Systems.

NET CONTENTS:

- ☐ 2.5 U.S. Gallons (9.46 liters)
- ☐ 30 Gallons (113.55 liters)
- ☐ 270 Gallons (1022.06 liters)

NET WEIGHT: 10.2 lbs./gal
