
ESTABLISH

Establish is a reliable ammonium sulfate conditioning blend designed to help herbicides perform at their best. By neutralizing antagonistic calcium ions and improving herbicide absorption, Prestige ensures more consistent activity in the field. It mixes easily, enhances performance across a wide range of chemistries, and supports cleaner, more effective spray applications.

Key Benefits

- Conditions hard water to improve herbicide performance
- Reduces antagonism from calcium and other cations
- Enhances herbicide absorption for more consistent results
- Mixes easily and supports smoother spray tank compatibility
- Reliable, cost-effective AMS solution for everyday spray loads

Approved for Use On

Corn and Soybeans

Directions for Use

Shake well or recirculate before using if product is stored below 32°F. This product contains an antifoam/defoamer. Under extremely hard water conditions the addition of a highly soluble ammonium sulfate may also be required. 1-2 gallons of this product per 100 gallons of spray solution.

EVOLVE CROP SYSTEMS

ESTABLISH

AMMONIUM SULFATE - CONDITIONING BLEND

ACTIVE INGREDIENTS

Ammonium sulfate*	34%
Defoamer(dimethylpolysiloxane)	0.5%
Other Indgredients	65.5%
TOTAL	100%

* This product contains 3.4 pounds of Ammonium sulfate per gallon.
* Ingredients exempt from tolerance under 40 CFR 180.1001.

KEEP OUT OF REACH OF CHILDREN
CAUTION! / PRECAUCIÓN!

Causes eye irritation. Causes skin irritation. Harmful if swallowed.

GENERAL INFORMATION

Establish is a proprietary blend of ammonium sulfate and defoaming agents for use with translocating herbicides. This product enhances herbicide activity by:
• Conditioning antagonistic calcium ions present in spray solutions.
• Providing ammonium ions to enhance herbicide absorption.
This product mixes quickly and easily with herbicides and should be used to enhance herbicide performance.

DIRECTION FOR USE AND USE RATES

Shake well or recirculate before using if product is stored below 32°F. Carefully follow mixing instructions. Always use this product in accordance with the instructions concerning additives found on the pesticide label. This product contains an antifoam/defoamer. Under extremely hard water conditions the addition of a highly soluble ammonium sulfate may also be required.
1-2 gallons of this product per 100 gallons of spray solution.

MIXING DIRECTIONS

Always mix this product in accordance with the instructions concerning additives found on the pesticide label. In the absence of specific mixing instructions, fill the spray tank 2 to l full with clean water. While the water is agitating, add tank mix ingredients in the following order:
1. This product
2. Additional ammonium sulfate (if needed)
3. Dry flowables, dispersible granules, water soluble packets
4. Flowables
5. Water-soluble pesticides
6. Emulsifiable concentrates
7. Finish adding water to final volume

FIRST AID

Have the product container with you when calling a poison control center or doctor, or going for treatment.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present, after the first 5 minutes, then continue cautiously rinsing eye. If eye irritation persists: Get medical advice or attention.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Wash skin with plenty of soap and water for several minutes. If skin irritation persists: Get medical advice or attention.
IF SWALLOWED: Call a POISON CENTER, doctor or physician if you feel unwell. Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person.
IF INHALED: Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food or feed by storage and disposal. May be stored below 32°F if thawed and thoroughly agitated before use. Keep container closed in storage. Do not allow water to be introduced. Store only in original container.
DISPOSAL: Triple rinse (or equivalent). Then offer container for recycling or reconditioning or puncture and dispose of in a sanitary landfill or by incineration or, if allowed by State and Local authorities, by burning. If burned, stay out of smoke.

WARRANTY: Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result, because of such factors as weather conditions, presence of other materials, or the manner of use or application all of which are beyond the control of Evolve Crop Systems or the Seller. All such risks shall be assumed by the Buyer. Evolve Crop Systems warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to the Directions for Use subject to the inherent risks referred to above. Evolve Crop Systems. makes no other express or implied warranty. In no case shall Evolve Crop Systems or the Seller be liable for consequential, special, or indirect damage resulting from the use or handling of this product. Evolve Crop Systems and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by an agreement in writing signed by a duly authorized representative of Evolve Crop Systems. Establish is a Trademark of Evolve Crop Systems.
