

# KAMAKAZEE

## Drift Reduction + Deposition Technology

EVOLVE Kamakazee is a proprietary adjuvant blend with advanced drift reduction and canopy deposition technology. This methylated seed oil-based formula enhances spray performance by minimizing drift, improving droplet deposition, and helping actives stay on target for better coverage and efficacy.

### Key Benefits

- Reduces physical drift and off-target movement
- Improves spray deposition and canopy penetration
- Enhances surface retention on target foliage
- Helps maintain uniform droplet size for better control
- Compatible with herbicides, insecticides, and fungicides
- Safe for aerial and ground application (APE/NPE Free)

### Principle Functioning Agents

Methylated Seed Oil, Polyethylene Sorbitan Ester, Ethoxylated Soybean Oil and Fatty Acids.....	100%
Total.....	100%

All ingredients are exempt from the requirements of a tolerance in 40 CFR 180

### Application & Use

Read and follow the precautions, restrictions and recommendations on the labels of pesticides used with This product. Use according to the most restrictive label directions for each product in any tank mix.

#### Drift Reduction

For use with herbicides, insecticides and fungicides.

- 4-6 ounces per acre in 5-20 GPA applications.
- 6-8 ounces per acre in 20-40 GPA applications

#### Deposition and Coverage for Fungicides and Insecticides

- 2-4 ounces per acre in 5-20 GPA applications.

## Drift Reduction Agent, Canopy Penetrating Agent & Deposition Aide

### PRINCIPAL FUNCTIONING AGENTS

Methylated Seed Oil, Polyethylene Sorbitan Ester, Ethoxylated Soybean Oil and Fatty Acids)	100%
Total	100%

All ingredients are exempt from the requirements of a tolerance in 40 CFR 180.

### GENERAL INFORMATION

Kamakazee is a proprietary adjuvant blend containing unique drift reduction technology. This product reduces physical drift and enhances deposition and surface activity properties and retention of many agrochemical sprays.

### DIRECTIONS FOR USE

Read and follow the precautions, restrictions and recommendations on the labels of pesticides used with this product. Use according to the most restrictive label directions for each product in any tank mix.

DRIFT REDUCTION: For use with herbicides, insecticides and fungicides.

- 4-6 ounces per acre in 5-20 GPA applications.
- 6-8 ounces per acre in 20-40 GPA applications.

#### DEPOSITION AND COVERAGE FOR FUNGICIDES AND INSECTICIDES:

- 2-4 ounces per acre in 5-20 GPA applications.

COMPATIBILITY: This product is compatible with most pesticides. However, if the desired combination has not been previously used, a compatibility test is recommended.

MIXING: Fill spray tank half full of water and begin agitation. Add pesticides as directed by label or in the following sequence and continue filling tank: (1) Dry flowables or water dispersing granules, (2) Wettable powders, (3) Flowables, (4) Solutions, (5) Emulsifiable concentrates. Continue agitation until spray solution is completely mixed. Add the recommended amount of this product. Continuous agitation of finished spray is recommended. If spray solution has been allowed to stand, thoroughly agitate and remix before application.

RECOMMENDATION: Specific use rates will vary with conditions of application such as water hardness, application method, equipment, spray droplet size, spray nozzle selection, or condition or size of foliage. Also, higher rates than those below may be used if recommended by pesticide labeling. Follow pesticide label directions. However,

do not add this product at a rate which exceeds 5% of the finished spray volume.

### PRECAUTIONARY STATEMENTS

**Hazards to Humans and Domestic Animals:** Always observe good person hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

**Environmental Hazards:** Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

### FIRST AID

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do so. Continue rinsing. If eye irritation persists, get medical attention.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in closed, original container away from children, animals, foods, feeds, seeds and incompatible materials. Avoid release to the environment. Handle in accordance with Precautionary Statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent material. Scrape up and dispose in accordance with Product Disposal.

Product Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Nonrefillable container. Do not reuse or refill this container.

Triple rinse (or equivalent) during mixing and loading.

**WARNING: KEEP OUT OF REACH OF CHILDREN**

**WARRANTY:** Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result, because of such factors as weather conditions, presence of other materials, or the manner of use or application all of which are beyond the control of Evolve Crop Systems or the Seller. All such risks shall be assumed by the Buyer. Evolve Crop Systems warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use subject to the inherent risks referred to above. Evolve Crop Systems makes no other express or implied warranty. In no case shall Evolve Crop Systems or the Seller be liable for consequential, special, or indirect damage resulting from the use or handling of this product. Evolve Crop Systems and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by an agreement in writing signed by a duly authorized representative of Evolve Crop Systems.
